

# How's About You

David Rawlings

Mud on my shoes, shoes on my feet  
I been walking up and down the street  
Buddy I've seen a thing or two  
How's about you?

How's about you?  
Ain't you been walking too?  
It seems a lot of good people  
Been getting bad news  
How's about you?  
Ain't you got nothing to say?  
Oh, I used to have a dollar  
Gonna have a dime someday

I ain't got a nickel, I'm a broken down flat  
Wish I had one of them pork pie hats  
Cause this old rain's about to soak through  
How's about you?

How's about you?  
Ain't you been walking too?  
It seems a lot of good people  
Are getting bad news  
How's about you?  
Ain't you got nothing to say?  
Oh, I used to have a dollar  
I'm gonna have a dime someday

The criminal man, he ain't behind bars  
He's driving one of his Cadillac cars  
I'm gonna switch sides real soon  
How's about you?

How's about you?  
Ain't you been hard up too?  
Seems a lot of good people  
Are getting bad news  
How's about you?  
Ain't you got nothing to say?  
Oh, I used to have a dollar  
I'm gonna have a dime someday

The man in the church, the men on the hill  
They swear it won't hurt me but I know it will  
And I been worried the whole night through  
How's about you?

How's about you?  
Ain't you got nothing to say?  
You know I used to have a dollar  
I'm gonna have a dime someday  
Oh, I used to have a dollar  
I'm gonna have a dime someday
