# It's Too Easy

**David Rawlings**

Just a one-room country shack
Gonna lie here on my back
It's too easy
It's too easy to feel good

Bootleg whiskey all the time
Ain't no reason to decline
It's too easy
It's too easy to feel good

Oh, this life is but a dream
Used to worry about tomorrow
Now I don't care, baby, even if I should

Gamblers shuffling their cards
I don't know why they work so hard
It's too easy
It's too easy to feel good

I might pawn my watch and chain
I might sleep out in the rain
It's too easy
It's too easy to feel good

Do you miss me and my songs?
I bet you hardly know I'm gone
It's too easy
It's too easy to feel good

I spent Christmas night in jail
I've been gone out on the trail
So I packed my bags and vanished in the wood

Just a one-room country shack
Gonna lie here on my back
It's too easy
It's too easy to feel good

It's too easy
It's too easy too feel good
It's too easy
It's too easy too feel good
