

## Lindsey Button

David Rawlings

A pretty young girl come down the mountain  
Lindsey Button, Lindsey Button  
A pretty young girl come down the mountain  
A long time ago

Long time ago, long time ago  
A pretty young girl come down the mountain  
A long time ago

First she'd blush and then she promised  
Lindsey Button, Lindsey Button  
First she'd blush and then she promised  
A long time ago

Long time ago, long time ago  
First she'd blush and then she promised  
A long time ago

She carved two names in a white oak sapling  
Lindsey Button, Lindsey Button  
She carved two names in a white oak sapling  
A long time ago

Long time ago, long time ago  
She carved two names in a white oak sapling  
A long time ago

She'd brush her hair, she change the weather  
Lindsey Button, Lindsey Button  
She'd brush her hair, she change the weather  
A long time ago

Long time ago, long time ago  
She carved two names in a white oak sapling  
A long time ago

She'd turn her head in the congregation  
Lindsey Button, Lindsey Button  
She'd turn her head in the congregation  
A long time ago  
Now all are gone and who remembers?  
Lindsey Button, Lindsey Button  
Now all are gone but this song remembers  
A long time ago

Long time ago, long time ago  
A pretty young girl come down the mountain  
A long time ago
