

# Midnight Train

David Rawlings

The midnight train and the forty train  
Run all night long  
The midnight train and the forty train  
Run all night long

They run  
Until the break of day

The little wheels and the great big wheels  
Turn all night long  
The little wheels and the great big wheels  
Turn all night long

They turn  
Until the break of day

The one you left and the one you love  
Cries all night long  
The one you left and the one you love  
Cries all night long

She cries  
Until the break of day

This love of mine, little light of mine  
Shines all night long  
This love of mine, little light of mine  
Shines all night long

He shines  
Until the break of day  
It shines  
Until the break of day
