

Alabama

David Shaw

Alabama, I hate to see you this way
You've seen bluer skies, you've seen better days
And I'll always love you
Just like I have from the start
Alabama, you're breaking my heart

You know me, yeah, you know I know you well
From the banks of the Tennessee to the swamps down in Silver Hi
ll
You're a sign of the times and you can shine like a star
Alabama, you're breaking my heart

Count your blessings and let it go
Just let love rule like flowers grow
Just let it grow

Alabama, you're the heart and you're the soul
You're a sweet melody, you're a song to us all
The crazy ways of the world could never keep us apart
Alabama, you're breaking my heart
Alabama, you're breaking my heart
You're breaking my heart
You're breaking my heart
