

Take A Look Inside

David Shaw

I was running, I was running scared
Scared of myself, scared of my own power
Then one day, I stopped and said hello to the pain
That changed everything

Take flight to wherever you want to go in your mind
Oh, yeah
'Cause tonight, whatever you wanna do is alright
Oh, yeah

Take a piece of the pie on your way into the wild
If you're wonderin' why you can't see like a child

Take a look inside
Take a look inside
On your way
To peace of mind
Have a look inside

Say goodbye to every piece of yesterday
Oh, yeah
'Cause tonight, whoever you wanna be is okay
Oh, yeah

Take a piece of the night on your way across the sky
If you're wonderin' who, oh, don't think twice
It's you

Take a look inside
Take a look inside
On your way
To peace of mind
Have a look inside
On your way
To peace of mind

Then one day, I stopped and said hello to the pain
That changed everything
