It look I ain't keepin' wastin' a minute (Yo!)
I'ma buss into your place, wit ya (Skrrrt!)
Swear that I don't need your frame in my picture
Picture, picture, see the big picture
Swear that I don't need your frame in my picture
Picture, picture, see the big picture
And is me and you framed in my picture

Ooh mama big, big picture

Don't you say to me

I'll take the blame if you give it (Give)
If that's the thing that you need (Need)
Treat it just like a magician
I got the tricks up my sleeve
Better I play my position (Shekpe)
If you wanna play off of me
Just say what you want and I'll give it
I said I got what you need (Ehh-ehh-ehh)
So why wait, why, why, wait
For all lobsters, take my entrée
If it gonna be today, why wai-ai-ai-ait
So why wait, why, why, wait
For all lobsters, take my entrée
If it gonna be today

I've been lobbin' on your line, girl pick up (Brrr!)
