

No do me like this so, baby  
Flames are burning in my soul, baby  
I've be listening to Sauti Sol, lately  
What I'm feeling lately I don't know lady

So baby draw me closer like Picasso  
Tell me say you got a man, we know  
Baby girl you know I got the figo  
Make I sing and make you dance awilo

I'm a monster I got ego  
But I got love for you, you know  
Aphrodite don caught my ego  
So I stay down for you Philo

The you whine, slow whine  
I looked and I saw signs  
We were fine but our trust was on the line  
Baby girl you were my slime  
Baby girl your everything I like  
Baby girl you were my slime  
Fashionista life of design  
Coulda never start her own line

Ropoto ropoto, ro ro ro  
I got love of you oh no no  
Now your man gats to leave solo  
I go dey for you loco co

Blow them, blow them boko ko oh  
Now your man gats to take joko  
Follow you down to Soweto  
No use me play pito pito

No do me like this so, baby  
Flames are burning in my soul, baby  
I've be listening to Sauti Sol lately  
What I'm feeling lately I don't know, lady

So baby draw me closer like Picasso  
Tell me say you got a man, we know  
Baby girl you know I got the figo  
Make I sing and make you dance awilo

I'm a monster I got ego  
But I got love for you, you know  
Aphrodite don caught my ego
