Starring at the mirror standing  
Water from my eyes  
Everyday na the same routine  
I no fit forget all the memories  
That when I go stop missing  
Those words, those touch  
And that pretty face of yours  
Those lips, that kiss  
Girl why did you go

Now you know say I dey so into you  
I no know how to cope without you  
Is this what I regret by loving you  
Tell me why did you go  
Well you know say I dey so into you
