

HYPER

Davina Michelle

Woke up at 4:23
My mind got wild and my thoughts way too deep
Thank God, you're right next to me
Don't need no amphetamine
Birds fly by faster than you've ever seen
Doc says it's called ADD
And I'm in your face like

Do I bore you?
Do I annoy you?
Cause on the daily I drive me crazy
I'm so mother
Fucking chaotic

You are the achiever, I'm more like a dreamer
You weigh down our options, I just go and freak 'em
When I hit the ceiling, you'll be right beneath me
If I fall you'll catch and put my feet on the ground

Sorry, I'm so hyper, hyper, hyper, hyper
I'm so fucking hyper, hyper, hyper, hyper

Got home at 4:23
Lights on, you stayed up, just waiting for me
Thank God, you're still here, baby
I know I get in your hair
Grab mine and make me regret, make me swear
I'll bounce right back if I leave
Still I'm in your face like

Do I bore you?
Do I annoy you?
Cause on the daily I drive me crazy
I'm so mother
Fucking chaotic

You are the achiever, I'm more like a dreamer
You weigh down our options, I just go and freak 'em
When I hit the ceiling, you'll be right beneath me
If I fall you'll catch and put my feet on the ground

Sorry, I'm so hyper, hyper, hyper, hyper
I'm so fucking hyper, hyper, hyper, hyper

So we're like
Day and night
We gon' be alright
When I get
Hyper, hyper, hyper, hyper

Mood swings
Break things
Calm me down and fix me
You're my
Virtue
I'm your sin
Arms around my hips

When I get
Hyper, hyper, hyper, hyper

You are the achiever, I'm more like a dreamer
You weigh down our options, I just go and freak 'em
When I hit the ceiling, you'll be right beneath me
If I fall you'll catch and put my feet on the ground
Hey!

Hyper, hyper, hyper, hyper
Sorry, I'm so hyper, hyper, hyper, hyper
One, three, two, four, uhh...
