

# The Last Thing I Need

Davina Michelle

Oh oh oh oh oh

I think I'm in trouble  
Lord I can't help myself  
I'm seeing double  
And I can already tell  
You gon' be my heroin  
My rise and fall if I let you in  
But I can't risk it all again  
Loving you

Is the last thing I need  
Every piece and part of me  
Screaming out to pull you close  
But I don't wanna lose control  
Before this heart breaks  
I should probably walk away  
Got too damn much to lose  
If I'd give in to you

The last thing I need  
Oh oh oh oh oh  
The last thing I need  
Oh oh oh oh oh

I should know better  
But I can't help but hesitate  
Cause we fit together  
In all the right and wrong ways  
You're my heroin  
My rise and fall if I let you in  
But I can't risk it all again  
Loving you

Is the last thing I need  
Every piece and part of me  
Screaming out to pull you close  
But I don't wanna lose control  
Before this heart breaks  
I should probably walk away  
Got too damn much to lose  
If I'd give in to you

The last thing I need  
Oh oh oh oh oh  
The last thing I need  
Oh oh oh oh oh

I'm trying but I can't resist,  
The first time I felt your touch on my skin  
I knew you were dangerous  
And you're like my heroin  
As soon as you're gone  
The first thing I want  
Loving you

Is the last thing I need

Every piece and part of me  
Screaming out to pull you close  
But I don't wanna lose control  
Before this heart breaks  
I should probably walk away  
Got too damn much to lose  
If I'd give in to you

Oh oh oh oh oh  
The last thing I need  
Oh oh oh oh oh

Oh oh oh oh oh  
Oh oh oh oh oh
