

# Everything Is Permanent

Dawes

A product of my time zone  
Mixed CDs and dial tones  
Where we would listen to the universe think

While our heroes from the wreckage  
Deliver us their message  
On the perks of knowing how to lip sync

I can see the last frontier

The sunshine on a perfect day  
Everything is permanent now  
The single that gets overplayed  
Everything is permanent now  
The bubbles in your third rosé  
Everything is permanent now  
The movements of the Milky Way  
Everything is permanent now

A wilderness of gossip  
Asking for deposits  
Yet it leaves you with some type of withdrawal

Playing on our senses  
With a thousand of its lenses  
On everything you ate or just bought

The voices in the atmosphere

The home life of celebrities  
Everything is permanent now  
Subliminal obscenities  
Everything is permanent now  
The side effects of ecstasy  
Everything is permanent now  
All the people that we used to be  
Everything is permanent now

Everything is permanent now  
Everything is permanent now

These tangled creeping vines  
Towards a life you left behind  
And the people you'd forgotten you kissed

A wayward strand of anger  
At some controversial stranger  
Who swears the virus didn't exist

I don't know where we go from here  
I don't know how I'm supposed to feel  
The language of the hemispheres

The lonely server farms

The level of the rising sea  
Everything is permanent now

The politics of Christmas trees  
Everything is permanent now  
The whole world within one screen  
Everything is permanent now  
I'm thinking we should all come clean  
Everything is permanent now, now, now

Did you really need to cry or be seen crying?  
Did you really need to cry or be seen crying?  
Did you really need to cry or be seen crying?
