

Still Feel Like A Kid

Dawes

I just asked my folks not to pay my rent
But I still feel like a kid
Finally learned what NASDAQ meant
But I still feel like a kid
My whole week's booked with dinner plans
But I still feel like a kid
I'm about to be a married man
But I still feel like a kid

Still feel like a kid
Still feel like a kid

I can't stay up past midnight anymore
But I still feel like a kid
There's always part of me that's a little sore
But I still feel like a kid
I got dreams of coaching little league
But I still feel like a kid
And I bet the day that I turn eighty three
I will still feel like a kid

In fact, I spent my whole life battling
'Til I learned to let it go
That was back when I knew everything
Just a few short years ago

I love dancing through a grocery store
Makes me still feel like a kid
I go three times 'round revolving doors
Makes me still feel like a kid
I love the music from the ice cream man
Makes me still feel like a kid
I am a singer in a rock 'n' roll band
'Cause I still feel like a kid

Still feel like a kid
Still feel like a kid
