Countdown

Dawid Kwiatkowski

```
I knew
Waking up with you in my arms
I knew
This ain't a love that can last for long
And you
You say you think I could be the one
But I don't think I can be the one for you

Cause when it's good is good
But when it's bad it's a disaster
So all that I can think about
Our time is running out yeah

It's the countdown
Countdown
Countdown
So all that I can think about
Our time is running out yeah

I fell
For you so fast that it broke my bones
I fell
You never once tried to help me up
It's true
Can't believe I was making plans
I was ready to give my name to you

Cause when it's good is good
But when it's bad it's a disaster
So all that I can think about
Our time is running out yeah

It's the countdown
Countdown
Countdown
So all that I can think about
Our time is running out yeah

I don't wanna think about it
You don't wanna think about it
I don't wanna think about it
Without you
```
