

Adios

Dawin

I can't get enough of you
Making love is overdue
I could make your body move
I won't stop until I do, yeah

If I could handcuff the hands of time
I would cuff them the moment I made you mine
So that I could be stuck to you in my life
Keep you out of the dark like a selfie light, yeah

Got a Waterfall of Henny in the patio
We could drink until we fall like a domino
I'm just trying to find a queen that could ride me slow
You could watch me tell these other bitches Adios, yeah

Adios (adios)
A-a-adios (yeah)
Adios (adios, adios)
Adios (yeah)
Adios (adios)
A-a-adios (yeah)
Adios (adios)
Adios

You won't see me wasting time
Hitting someone else's line
'Cause they just want a little shine
Your energy is so divine, yeah

Shower you with consistency
Wash your worries away when you stay with me
Cause I fuck with you more than the wannabes
For the good life I'll give you the recipe, yeah

Got a Waterfall of Henny in the patio
We could drink until we fall like a domino
I'm just trying to find a queen that could ride me slow
You could watch me tell these other bitches Adios, yeah

Adios (adios)
A-a-adios (yeah)
Adios (adios, adios)
Adios (yeah)
Adios (adios)
A-a-adios (yeah)
Adios (adios)
Adios, yeah

On the weekend we could sip
I'll make you feel like the shit
Baby you gon' see me with
Dolce and Gabanna drip
Yeah word to my mama
We'll chill in Punta Cana
I'll share these commas and my cama, yeah
Everyone you see
Wanna ride the wave

They be quick to leave
Tell 'em Andale, yeah
Maybe tomorrow
I'll hit it like the lotto
And lick you like gelato

Got a Waterfall of Henny in the patio
We could drink until we fall like a domino
I'm just trying to find a queen that could ride me slow
You could watch me tell these other bitches Adios

Adios (adios)
A-a-adios (yeah)
Adios (adios, adios)
Adios (yeah)
Adios (adios)
