Assumptions

Dawin

What's with this guessing
We've been doing when we're all confused
It should be heaven
But we keep believing bad things that ain't true

And if you're wondering why we're failing
It's our miscommunication
We're always concentrating
On blaming, blaming

But I don't like assumptions
'Cause they lead to these problems
And we will never function
If we don't try to solve 'em

I don't like assumptions
'Cause they lead to these problems
And we will never function
If we don't try to solve 'em

I'ma be the bigger man

Time to change it up
Time to change it up

I could drop a 10 track mix tape
Talking bout scenarios that we made up
'Cause every single one were mistakes
But we always realized it later, hey

And if you're wondering why we're failing
It's our miscommunication
We're always concentrating
On blaming, blaming

But I don't like assumptions
'Cause they lead to these problems
And we will never function
If we don't try to solve 'em

I don't like assumptions
'Cause they lead to these problems
And we will never function
If we don't try to solve 'em

I'ma be the bigger man

Time to change it up
Time to change it up

All we do is get it twisted
Thinking that we're giving someone else attention
But we should keep each other lifted
Instead of going different directions, hey

You know I want you to myself, no shaming
I know you need for me to prove I'm caring

I'll do whatever to prevent this ending
I'ma make the best of the time we're spending

'Cause not everybody comes this far
We got feelings that we can't erase
Even though this time is looking hard
I don't wanna throw it all away

It's like we have this work of art that's fading
I'll just the images your mind is painting
'Cause we're always concentrating
On blaming, blaming

But I don't like assumptions
'Cause they lead to these problems
And we will never function
If we don't try to solve 'em

I don't like assumptions
'Cause they lead to these problems
And we will never function
If we don't try to solve 'em

I'ma be the bigger man

Bigger man (Drop that!)
Time to change it up
