

Don't Want You To Runaway

Dawin

So many bad reputations
And no I don't wanna have one
I gotta change your perception
For us to have a connection

Don't want you to runaway, no
Don't want you to runaway, no
Don't want you to runaway, whoa
Don't want you to runaway from me

No matter what, no matter what you've been through
Girl I could have, I could have you feeling new
I'll let you be on my mind running through
But letting you run away I refuse

They say that we love to sweet talk
Until we get to hit the jackpot
But honestly you got me caught
Trying to give the last shot

Don't want you to runaway, no
Don't want you to runaway, no
Don't want you to runaway, whoa
Don't want you to runaway from me

No matter what, no matter what you've been through
Girl I could have, I could have you feeling new
I'll let you be on my mind running through
But letting you run away I refuse

You don't wanna pay me no mind
'Cause you had other guys waste your time
Now treat everyone the same
Thinking that that I'm gonna play those game
I got condos and credit cards
But that don't mean I don't have a heart
Trying to share it while living large
Only with you [?]

Yeah we could get this to work
No matter what girl I can see your worth
Your mind's an ocean that I'm down to serve
But you wait for no one 'cause you've been so heart

Don't want you to runaway, no
Don't want you to runaway, no
Don't want you to runaway, whoa
Don't want you to runaway from me

No matter what, no matter what you've been through
Girl I could have, I could have you feeling new
I'll let you be on my mind running through
But letting you run away I refuse

Ooh darling, oh
Ooh darling, oh no
