Dawin

Just admiring the beauty of your body and your mind
It's like a star found a way to manifest in humankind
It's no wonder why those midnight conversations lit me up
When I stare into your eyes I feel my body get a rush

Sometimes I overreact, for getting attached
'Cause I don't wanna fail, I wanna fall
And on your troubling days when nothing's okay
I can be the one for you to call

I'm at your fingertips
Even if I'm a thousand miles away
No matter what it is
You never ever have to be afraid
I'm at your fingertips
Making sure we never separate
No matter what it is
I'll give you the time of the day

Oh, oh, oh-oh-oh
Don't ever forget
Oh, oh, oh, oh
I'm at your fingertips
Oh, oh, oh-oh-oh
Don't ever forget
Oh, oh, oh, oh
I'm at your fingertips

Like an echo I just hope we could repeat the good vibes
Cause I know that it'll help me deal with all the goodbyes, yah yah yah
You unlocked a part of me I didn't know I have inside
And it helped me be more honest when you're right here by my side

Baby the least I could do is be there for you
Even if there's an ocean in between
'Cause if you can't get in touch with someone you trust
You can come to me, the light is green

I'm at your fingertips
Even if I'm a thousand miles away
No matter what it is
You never ever have to be afraid
I'm at your fingertips
Making sure we never separate
No matter what it is
I'll give you the time of the day

Oh, oh, oh-oh-oh
Don't ever forget
Oh, oh, oh, oh
I'm at your fingertips
Oh, oh, oh-oh-oh
Don't ever forget
Oh, oh, oh, oh
I'm at your fingertips

I'ma be available to remind you what you're worth

Be the one who gives you all the love that you deserve
Stare into the sky with you wishing that this never ends
Find a way to lift you up with the time that we spend

I'm at your fingertips
Even if I'm a thousand miles away
No matter what it is
You never ever have to be afraid
I'm at your fingertips
Making sure we never separate
No matter what it is
I'll give you the time of the day
