Yeah, yeah
I'm on a superstar budget
20-30K won't cut it
Goin' on a spree and I love it
And kinda hide a thing from the public (oh)

If I can afford it imma show it
Imma show it off
Cause I've been working for this
Til'l turn myself into a boss

Snapchatting everything I own
They lurkin' she let it be known
Confidence higher than a drone
I could simplify you but I won't

Cause I got a whole lot of zeros in my bank
Baby girl said benz will make it dance
She know my future brighter than a hologram
I want her to help me spend a hundred grand

Walkin' at the store with some ice
Saw something I like
I bought it twice
Walkin' at the store with some ice
I'm feelin' the vibe come to life

I know what she wants so imma please her
Ice everywhere with some sneakers
Gotta do whatever for a keeper
Now I'm lookin' like I hope outta freezer

Freezer, yeah, freezer, ahh
Freezer, yeah, freezer
Freezer, yeah, freezer, yahh
Freezer, yeah, freezer

Getting' messages from exes'
I think that they saw my necklace
But there's a reason I'm with the next chic
This is the season for me to flex quick

Now I'm colder than December in this city of New York
There was not </> for this life but I live like it's too short

When a coat always come in handy
Text someone that really understand me
She tell me she got that cotton candy
So I took her downtown in Miami

Cause I got a whole lot of zeros in my bank
Baby girl said benz will make it dance
She known my future brighter than a hologram
I want her to help me spend a hundred grand

Walkin' at the store with some ice
Saw something I like I bought it twice
Walkin' at the store with some ice
I'm feelin' the vibe come to life

I know what she wants so imma please her
Ice everywhere with some sneakers
Gotta do whatever for a keeper
Now I'm lookin' like I hope outta freezer

Freezer, yeah, freezer, ahh
Freezer, yeah, freezer
Freezer, yeah, freezer, yahh
Freezer, yeah, freezer

No there's nothing wrong if we're living in the moment
I got cash and I'm moving faster than a ford and
Tell me baby what do you think is more important
Dancing with me or the exotic drinks I'm pourin'?

You can get them both if you want the door is open
In return for me put that sexy thing in motion
Pretty face and conversation you got the whole thing
We'll have wavy nice wavier than in the ocean

I know what she wants so imma please her
Ice everywhere with some sneakers
Gotta do whatever for a keeper
Now I'm lookin' like I hope outta freezer

Freezer, yeah, freezer, ahh
Freezer, yeah, freezer
Freezer, yeah, freezer, yahh
Freezer, yeah, freezer, yahh
