

Panther

Dawin

Oh, I'm covered in designer from head to toe
It looks like I just dipped my wrist in some gold
The whip I'm pushing is so cold that I froze
The way that I glowed up, made you wanna get close

You said that you got a thing for a gangster
Then maybe rolling with me is the answer
I know you wanna be my private my dancer
Speed it up on the floor like a panther
The diamonds on my body really matter
And you're the next one I'm trying to capture
I know you wanna be my private my dancer
Speed it up on the floor like a panther

Hit that freaky deeky, bang bang
Hit that freaky deeky, bang bang
Hit that freaky deeky, bang bang
Speed it up, speed it up, speed it up
Hit that freaky deeky, bang bang
Hit that freaky deeky, bang bang
Hit that freaky deeky, bang bang, yo

I got a jungle mind cause my thoughts are wild
They're all about your moves and your sexy style, yeah
Your body and my eyes are attached
The way that you shake that, looking you trying to get payback

Flex on, flex on
Baby get ya flex on like you mean business
Wild life, wild life
Know I'm 'bout that wild life, come see how I live it
Best dressed, best dressed
I must be the best dressed, cause they all checking
Whole squad, whole squad
Rolling with the whole squad, hope you brought your best friends

You said that you got a thing for a gangster
Then maybe rolling with me is the answer
I know you wanna be my private my dancer
Speed it up on the floor like a panther
The diamonds on my body really matter
And you're the next one I'm trying to capture
I know you wanna be my private my dancer
Speed it up on the floor like a panther

Hit that freaky deeky, bang bang
Hit that freaky deeky, bang bang
Hit that freaky deeky, bang bang
Speed it up, speed it up, speed it up
Hit that freaky deeky, bang bang
Hit that freaky deeky, bang bang
Hit that freaky deeky, bang bang, yo

You planted freaky things inside my head
I'll be your drummer if you'll be my drum-set, oh
Oh, we could kick it 'til we see the sunset
Oh girl I gotta confess

That body on me is what I want next

Flex on, flex on
Baby get ya flex on like you mean business
Wild life, wild life
Know I'm 'bout that wild life, come see how I live it
Best dressed, best dressed
I must be the best dressed, cause they all checking
Whole squad, whole squad
Rolling with the whole squad, hope you brought your best friends

You said that you got a thing for a gangster
