Dawin

Givenchy on my body, baddies call me Papi  
I might cop a 'rari, park it by the lobby  
No you cannot stop me, it's a boss acting bossy  
Pants on but the girls are tryna see the Tommys  
Got booked in Hawaii, for a couple nights  
I was in my telly when my flight got booked for Dubai  
Yeah I saw my dream tour form right before my eyes  
Then I realized all the girls that showed up were my type, I was like

Drop it down, hit the ground  
You know you wanna  
Drop it down, hit the ground  
How could I not believe in paradise  
If I'm rewarded with the things I like  
I was like  
Drop it down, hit the ground  
You know you wanna  
Drop it down, hit the ground  
How could I not believe in paradise  
If I'm rewarded with the things I like

These are my rewards  
I still want some more  
I hated the struggle  
Know I had to hustle  
Before the money doubled, yeah  
These are my rewards  
I still want some more  
I've had champagne with the bubbles  
After all my troubles  
All my options doubled, yeah

Saving money we don't, I guess I ain't a hero  
Showed up in Moschino and more cards than a casino  
If we take a photo, you might get a repost  
It might change your whole life like a TV remote  
I go out to escape, that's always the case, yeah  
I got so much stamina from this paper chase yeah  
This shit is forever this is not a phase, no  
I'm surrounded by the baddest so I celebrate, I say

Drop it down, hit the ground  
You know you wanna  
Drop it down, hit the ground  
How could I not believe in paradise  
If I'm rewarded with the things I like  
I was like  
Drop it down, hit the ground  
You know you wanna  
Drop it down, hit the ground  
How could I not believe in paradise  
If I'm rewarded with the things I like

These are my rewards  
I still want some more  
I hated the struggle  
Know I had to hustle

Before the money doubled, yeah
