

We love golden chains, we love diamond rings  
We could always gain them designer things  
Versace, Prada, Rolex or Mercedes Benz  
The grind will never end, oh

Got my eyes on the prize, but it won't mean much  
Without you by my side  
Yeah, we all fantasize 'bout our cash going up  
But your love ain't got a price

With you, I'm tryna kick it, kick it, kick it  
With you, I wanna kick it, kick it, kick it  
'Cause you turn up my spirit, spirit, spirit  
Let's take the script and flip it, flip it  
Flip this, flip this thing up

Yeah, we flip this thing up  
Kick it, kick it, kick it  
With you, I wanna kick it, kick it, kick it  
'Cause you turn up my spirit, spirit, spirit  
Let's take the script and flip it, flip it

We love traveling, we love catching flights  
We'll do anything to be in paradise  
Ibiza or Bahamas just to live the life  
But it's you that makes me feel alive

Got my eyes on the prize, but it won't mean much  
Without you by my side  
Yeah, we all fantasize 'bout our cash going up  
But your love ain't got a price

With you, I'm tryna kick it, kick it, kick it  
With you, I wanna kick it, kick it, kick it  
'Cause you turn up my spirit, spirit, spirit  
Let's take the script and flip it, flip it  
Flip this, flip this thing up

Yeah, we flip this thing up  
Kick it, kick it, kick it  
With you, I wanna kick it, kick it, kick it  
Spirit, spirit, spirit  
Let's take the script and flip it, flip it

If I ever played 'em on the lotto  
I'd still want you with me here tomorrow  
Lead me to your love and I would follow  
Then I'll be a winner wherever I go

Kick it, kick it, kick it  
With you, I wanna kick it, kick it, kick it  
'Cause you turn up my spirit, spirit, spirit  
Let's take the script and flip it, flip it
