

# Tetris

Dawin

You're the one  
You're the one

You're the one who leaves me breathless  
My feelings piling up like Tetris  
Every piece of you is precious  
That's how you got me falling like Tetris  
Falling like Tetris oh

I keep on falling and I can't stop  
Turn me off, baby you cannot  
I keep on falling and I can't stop  
Won't you bring me back to the top  
I keep on falling and I can't stop  
Turn me off, baby you cannot  
I keep on falling and I can't stop  
Feelings piling up to the top

(D-D-Dance break)  
Can't stop, cannot  
Can't stop

Oh, won't give you heartbreaks  
I'll give you dance breaks  
We'll dance together all the time  
'Til we can't stand straight  
I'll keep your world safe  
Won't bring no earthquakes  
Always remind you that

You're the one who leaves me breathless  
My feelings piling up like Tetris  
Every piece of you is precious  
That's how you got me falling like Tetris  
Falling like Tetris, oh

I keep on falling and I can't stop  
Turn me off, baby you cannot  
I keep on falling and I can't stop  
Won't you bring me back to the top  
I keep on falling and I can't stop  
Turn me off, baby you cannot  
I keep on falling and I can't stop  
Feelings piling up to the top

(D-D-Dance break)  
Can't stop, cannot  
Can't stop

No, won't be the last time  
That I'll see the starlight  
You make me feel like  
It's possible to fall twice  
Your heart is worldwide  
Making me skydive  
There's beauty everywhere

But you're the one who leaves me breathless  
My feelings piling up like Tetris  
Every piece of you is precious  
That's how you got me falling like Tetris  
Falling like Tetris, oh no

I keep on falling and I can't stop  
Turn me off, baby you cannot  
I keep on falling and I can't stop  
Won't you bring me back to the top  
I keep on falling and I can't stop  
Turn me off, baby you cannot  
I keep on falling and I can't stop  
Feelings piling up to the top

Can't stop, cannot  
Can't stop, oooh  
Can't stop, you, you cannot  
You, can't stop  
Can't stop, cannot  
Can't stop  
Can't stop, cannot  
Can't stop, mmm, mmm
