Dawin

I wanna leave my trademark on your body
So you remember who's the one that got you started
Oh, I wanna keep on goin', keep on goin'
Until the early mornin', until the early mornin'

And we don't gotta keep it low
Because you got me tryna love you slowly
I said, we don't gotta keep it lowkey
'Cause you've got me
'Cause you've got me like, "Oh, jeez, goddamn!"

Can't wait to have me alone
You'll be the queen to my home
Let's treat the bed like a throne
Let's celebrate with you girl
'Cause you are the one that's on top
I want the confetti to drop
When it go down, it won't stop (no)

I wanna leave my trademark on your body
So you remember who's the one that got you started

You want this train on your track

Holding you down is necessary

You know that I'm [?] ready
