

Equilibrium

Dawn of Ashes

Bleeding out the separation
Call upon two sides from the light and the dark
Connection, pantheon
Rituals of sorcery, rituals from witchcraft

Summon it! Become it! Absorb it!
Arcana - the lore of Zos
Summon it! Manifest it! Inject it!
Theophany!

Empyream and chthonic
Particles of united worlds
Archetype of transformation
The falling star fell into carnal form

Free yourselves from their fucking god
Light and dark from the many gods
Obsolete, of corrupted religions
Ancient temples in the third eye's vision
