Poisoning the Steps of Babel Feat. Nero Bellum

Dawn of Ashes

EPICUREAN SADISM, flaunting in devilry.
Rust in the sand, corrupting on this soil.
Spitting at the mark that sheers away from the holy.
Empyrean coma…
….Blood of a martyrdom

Possession.
Reborn.
Foreplay with sin.
Adorned with fire.
Possession.
Reborn.
Foreplay with sin.
Adorned with fire.

This fucking cross will weigh on your life
I'd rather be ridden with strife
I'd rather rip out my heart and
Have you drag my fucking ambition to Hell
