

## Torture Device

Dawn of Ashes

Broken fingers, cut wrists  
Violence within, embrace the bloody fist  
so let's hear you scream  
you're fucking dead

Torture with hate, torture be painful  
torture device, torture with hate  
torture be painful, torture device

bruised face, cracked skull  
terror released, as your body turns cold  
so let's hear you weep,  
don't fuck with me

Torture with hate, torture be painful  
torture device, torture with hate  
torture be painful, torture device
