

## Hiding

Dawn of Solace

No marks on the ground  
Footprints covered well behind me  
I did not make a sound  
I left the place in silence to break free

They won't find me  
If I don't stop running ahead

Conceal me  
Hide me  
And bury me under  
Conceal me  
Hide me  
Don't let them find me here

No trail can be found  
My feet won't draw a single sign

All my belongings I drowned  
Nothing leads to me  
All were taken by the sea

Conceal me  
Hide me  
And bury me under  
Conceal me  
Hide me  
Don't let them find me here

Conceal me  
Hide me  
And bury me under  
Conceal me  
Hide me  
Don't let them find me here
