Dawn Richard

I feel like the leonidas
Battling the titans
A thousand soldiers against one sword uh huh

You're a masterpiece of violence
But still I chose to dive in
Head first in the pit
Of your hole

I'm freefalling down
(Freefalling down)
Into the void
Shared my dark secrets
You sold them for gold
Crossed and forsaken
Hearts withered cold
Pledged my allegiance

We could've parted seas just
To walk on the floor of oceans
Oh oh oh oh

And this love could've built up armies
Of nations unstoppable
Oh oh oh oh
Oh oh oh oh

You were like something righteous
Chariot almighty
A fortress filled with light
You were my e-e-e-eye
And I could've shattered mountains
Standing on your shoulders
Alas you delivered a fatal blow
Ooh ooh ooh ooh

Its a tale
Of fated lovers
Against all odds
Facing the Gods

Even though we were here
Outnumbered
Million to one
We shouldn't have lost
(We shouldn't have lo-ost)

We could've parted seas just
To walk on the floor of oceans
Oh oh oh oh

And this love could've built up armies
Of nations unstoppable
Oh oh oh oh
Oh oh oh oh

We could've parted seas just

To walk on the floor of oceans
Oh oh oh oh

And this love could've built up armies
Of nations unstoppable
Oh oh oh oh
Oh oh oh oh
They couldn't stop us

Angel of mercy
Please come for me
I'm wishing every bit from the fruit of this dream

We could've won the siege just
Could walk on the flow of oceans
Oh oh oh oh
Any luck that'll build upon me
And nations will stop revolt

I'm on your (I'll be I'll be)
I'm on you, (I'll be I'll be)
I lay down, (I'll be I'll be)

We could've won the siege just
We could've won the siege just
And luck could've build upon me
And luck could've build upon me

We could've won the siege just
Could walk on the flow of oceans
Oh oh oh oh
Any luck that'll build upon me
And nations will stop revolt
