

All I Need

Dawn Richard

Yeah

All I need is a kiss
And then I'm yours, baby (Then I'm yours)
Forever yours, baby

I could I see the look in your eyes
You're shocked and even more surprised
I found you
Yeah, and I'm more than satisfied, girl
Your eyes, your hair
The clothes you wear
So fine
One kiss is all I need

You have the eyes of an angel
A smile that's heaven sent
And I'm satisfied, too
'Cause you're givin' me a love to forward to
Your lips, your smile
The way you show me that you're mine
I'm lucky
One kiss is all I need

All I need is a kiss
And then I'm yours, baby (Then I'm yours)
Forever yours, baby (I'm yours, yours)
All I need is a kiss (All I need)
And then I'm yours, baby (I'm yours, I'm yours)
Forever yours, baby (I'm yours, I'm yours)

You're the flowers bloom
Durin' the winter
That's easy for you to do
'Cause you're so damn beautiful
Girl, you're blowin' my mind
Can't get enough of your time
Just the thought of wakin' up to you, baby
You sho' put a smile on my face

You're the reason I get through the day
Just thinkin' 'bout all the love we made
I think I love you
'Cause you fulfill every need that I bring to you
There's somethin' 'bout the way you touch me
There's somethin' 'bout the way you love me
For sure, I love you
One kiss was all I needed

All I need is a kiss (All I need, all I need)
And then I'm yours, baby (And I need)
Forever yours, baby (I'm yours, I'm yours, forever yours)
All I need is a kiss (Baby, baby, baby, baby)
And then I'm yours, baby (Forever yours)
Forever yours, baby (Forever yours, forever yours)

Yeah, we finally hooked up

Yeah, we did, we did
I mean, I went through so many thangs tryna holla at you
Hey, but look you found me, I'm here, I'm yours
For real?
You know it, all I needed is one kiss, haha
Uh

All I need is a kiss (So let's squeeze, squeeze, squeeze, squeeze, squeeze,
squeeze, squeeze, yeah)
And then I'm yours, baby (And that means all I need is one kiss, baby, that
means you're gonna get it, baby)
Forever yours, baby (One ki-i-i-is, you're gonna get it, baby, yeah, yeah)
All I need is a kiss (All I need is a, all I need is, kiss from you)
And then I'm yours, baby (Yeah, oh, whoa, Lord, 'cause I love you, baby)
Forever yours, baby (Is just one kiss, forever more)
All I need is a kiss (I'm all yours, I'm all yours, all I need, I'm all your
s)
And then I'm yours, baby (I just gleam without, forever yours)
Forever yours, baby (I just sleep without)
All I need is a kiss (I just can't be without, all I need is you)
And then I'm yours, baby ('Cause I love you, baby)
Forever yours, baby (Forever yours)
All I need is a kiss (All I need)
And then I'm yours, baby (Then I'm yours, baby)
Forever yours, baby (Forever yours)
All I need is a kiss (Well, well, well)
And then I'm yours, baby
Forever yours, baby
