

# Ay Papi

Dawn Richard

Yeah

Never had love, always had more to shine  
Then you showed up and everything started to change  
I swear its magic when we kiss  
I swear its magic when we fuck  
And we go hard, we on that passionate tip  
It was good from the start  
Got me speaking Spanish real quick  
I swear you got me hot, so lit, so lit  
I can't even explain it

Boy, you got me feeling so explosive  
Didn't know I had all these emotions  
When you come through, ooh wee  
When it goes down  
Ay Papi  
Every time we step out its a moment  
Hand over my head because you control it  
When you come through, ooh wee  
When it goes down  
Ay Papi

You look good in that hood and you be lookin' so precious  
I be making up numbers tryna count all my blessings  
Imma drive it right like its stolen  
We both recognize what the goal is  
Ay, yi, yi  
You and I  
Feels so right  
Makes me wanna cry  
Ay, yi, yi  
Send chills down my spine  
Body, soul and mind  
Can't even explain it

Boy, you got me feeling so explosive  
Didn't know I had all these emotions  
When you come through, ooh wee  
When it goes down  
Ay Papi  
Every time we step out its a moment  
Hand over my head because you control it  
When you come through, ooh wee  
When it goes down  
Ay Papi

(Brooke Candy)  
Aye Papi yo, I need that  
Good sloppy, go and eat that  
Punani go and come back  
When you need more of that snack  
Go down and make me cum hard  
Show me how talented you are  
Your doing so good so far  
Lick your lips and redo that part  
Brookie and Dawn on a track is a problem

Everywhere we go from China to Harlem  
They know the pussy is pretty and poppin'  
Bitches can try but they never gon' top it  
Flying is the only thing that I do private  
Tell me your fantasy, bet you I tried it  
Sex like a legend, this pussy a riot  
Call me sea biscuit because of the way I ride it

Boy, you got me feeling so explosive  
Didn't know I had all these emotions  
When you come through, ooh wee  
When it goes down  
Ay Papi  
Every time we step out its a moment  
Hand over my head because you control it  
When you come through, ooh wee  
When it goes down  
Ay Papi

Ay Papi  
Ay Papi  
When it goes down  
Ay Papi  
Ay Papi  
Ay Papi  
When it goes down  
Ay Papi  
When it goes down, yeah  
When it goes down, yeah  
When it goes down, yeah  
When it goes down, yeah
