

## Dance

Dawn Richard

Soon as you came walking into the room  
Felt my body falling into you  
Soon as I looked deep into your eyes  
I felt my heartbeat skip a million times

What is that you done slip to me, baby?  
You must be a spell cause I'm under you, baby  
I'm falling so fast, catch me if you can  
Tomorrow we die, but tonight we dance

Tonight we dance, tonight we dance  
Tonight we dance (tonight we dance)  
Tonight we dance, tonight we dance  
Tonight we dance

Step on the floor and dance

Moment that our lips begin to touch  
Know that he'd burn the both of us  
Maybe we can blame it on the moon  
Like we don't know what we're doin'

What is that you done slip to me, babe?  
You must be a spell, cause I'm under you, babe  
I'm falling so fast, see if you can  
Tomorrow we die, but tonight we dance

Tonight we dance, tonight we dance  
Tonight we dance (tonight we dance)  
Tonight we dance, tonight we dance  
Tonight we dance

Step on the floor and dance

Tonight we dance, tonight we dance  
Tonight we dance (tonight we dance)  
Tonight we dance...  
Baby...
