

December Sky

Dawn Richard

Didn't expect that you'd be so far
I wanna be right there with you baby
So I can warm you up with love, it's so cold where you are
Have plenty gifts to give ya
Even though we're not together
Tonight I'll wrap the sky with the moon and stars
So we can hold the night

(Under December sky)
No distance (No distance, space or time)
I'll wait if you feel me
(Under December sky)
Nothing but you and I
Nothing but you and I
Nothing but you and I
Under December sky
Nothing but you and I

And I say grown men don't cry
But I can see the tears forming in your eyes
It hurts me to know that I am the reason
When all I wanna do is please you
So I sit here with this glass of wine
And my fireplace and the smell of pine
I'm wishin' it was your lips kissing mine
I guess I have to dream tonight

Under December sky
(Under December sky)
(No distance, space or time)
Nothing can come between us
(Under December sky)
Nothing but you and I
Nothing but you and I
Nothing but you and I
Here's my gift to you
(Under December sky)
Nothing but you and I

Nothing can come between us
Nobody can come between us
Under December sky
Under December sky,
Oh if you feel me under December sky

Under December sky
(No distance, space or time)
Under December sky
(I can't be where you are)
Nothing but you and I
Nothing but you and I
Nothing but you and I
Under December sky
Nothing but you and I
(No distance, space or time)
Nothing but you and I
Nothing but you and I

(It's just you and me)
