

Easy

Dawn Richard

I'm not here to be humble
I came to shoot my shot
You got something I want
And I like it a lot
So let me talk my shit
So you can come home with me
They say "Dawn, fall back"
But I'll take the lead

Easy
Easy babe
I make it easy
Easy baby

You think 'cause I'm a woman
I can't get what I want
But baby I'm a lion
And I'm good at the hunt
Ooh I'm so hungry
And you look like a meal
So let me slide over there
And close the deal
I'll make it easy

Easy
Easy baby
Easy like Sunday morning baby
I'll make it easy
Oh
I'll make it easy baby
Easy
Easy, yeah

Baby you caught my eye
Let's risk it all tonight, tonight
It's yours if you want it
It's mine 'cause I need it
I'll make it easy, baby

Easy
I'll make it, yeah
Baby won't you do it to me
Oh baby
Oh make it easy
Easy
Easy
I'll make it easy
