Dawn Richard

Uh... No...  
I lost all control  
When you looked at me...  
At me... Yea  
I'm standing on a cliff baby...  
Ready to fall  
To fall  
To fall

It's lookin real high  
Up here  
So mortifying  
But for you I will  
I'm scared of heights  
But, tonight I'm feeling real bold  
I want to go  
As high as I aint never been before  
Only for you  
I'll take a chance

I'm standing on a edge  
I'm breezin  
Hangin by a thread  
Believin every word you say  
It's high up here  
It's hard  
But, imma take a chance an close my eyes  
Don't you even ask why

I'm just gonna take a chance and fall, fall  
For my jumper, jumper, jumper  
For my jumper, jumper, jumper  
Now my jumper, jumper, jumper  
Now my jumper, jumper, jumper-r

I'm bout to commit love suicide  
And I aint even afraid to give you my life  
See I'm gonna take a chance  
With my heart in my hands  
Step up to the cliff and jump for my man  
Hopin you really know  
I'm out my comfort zone  
But, for you I won't question it  
I'll just stand right on the cliff  
For you baby  
I'ma take a chance and fall

I'm standing on a edge  
I'm breezin  
Hangin by a thread  
Believin every word you say  
It's high up here  
It's hard  
But, imma take a chance an close my eyes  
Don't you even ask why

I'm just gonna take a chance and fall, fall

For my jumper, jumper, jumper  
For my jumper, jumper, jumper  
Now my jumper, jumper, jumper  
Now my jumper, jumper, jumper-r

Ooooo, Yea  
Ooooo, Yea

Now, My jumper

I'm standing on a edge  
I'm breezin  
Hangin by a thread  
Believin every word you say  
It's high up here  
It's hard  
But, imma take a chance an close my eyes  
Don't you even ask why

I'm just gonna take a chance and fall, fall  
For my jumper, jumper, jumper  
For my jumper, jumper, jumper  
Now my jumper, jumper, jumper  
Now my jumper, jumper, jumper-r  
Now my jumper, jumper, jumper  
Now my jumper, jumper, jumper  
Now my jumper, jumper, jumper  
Now my jumper, jumper, jumper-r

I aint never been this high before  
But I don't care  
For you... I'll close my eyes and jump
