

New

Dawn Richard

Out with the old, in with the new
Out with the old, in with the new
Out with the old, in with the new
Out with the old, in with the new

We been playin' this game for too long
Fightin' with other all night long
Don't think we could get along
We been with each other for way too long

You've got too comfortable with me
You're not the man that you used to be
Used to give me kisses every day
Never had to beg you to stay
Four years later, you come home late
Relationship is borderin' love and hate

Think it's time for somethin' new
Sick and tired of lovin' you
Askin' me, "Who's hurtin' who?"
When your actions showin' proof
Think it's time for somethin' new
Sick and tired of lovin' you
Askin' me, "Who's hurtin' who?"
When your actions showin' proof

Remember all the times we dressed up
Tryna look good for each other
Makin' love 'til the sun up
Makin' plans for the future

You've got too comfortable with me
I'm not the woman that I used to be
Used to give me roses every day
Never had to beg you to stay
Four years later, you run away
Relationship won't ever be the same

Think it's time for somethin' new
Sick and tired of lovin' you
Askin' me, "Who's hurtin' who?"
When your actions showin' proof
Think it's time for somethin' new
Sick and tired of lovin' you
Askin' me, "Who's hurtin' who?"
When your actions showin' proof

Hit the road, Jack (Uh-oh, uh-oh), and don't you come back (Oh)
Hit the road, Jack (Uh-oh, uh-oh), and don't you come back
Hit the road, Jack (Uh-oh, uh-oh), and don't you come back (Oh)
Out with the old, in with the new
Hit the road, Jack (Uh-oh, uh-oh), and don't you come back (Oh)
Hit the road, Jack (Uh-oh, uh-oh), and don't you come back
Hit the road, Jack (Uh-oh, uh-oh), and don't you come back (Oh)
Out with the old, in with the new
Hit the road, Jack (Uh-oh, uh-oh), and don't you come back (Oh)
Hit the road, Jack (Uh-oh, uh-oh), and don't you come back

Hit the road, Jack (Uh-oh, uh-oh), and don't you come back (Oh)
Out with the old, in with the new

Think it's time for somethin' new
Sick and tired of lovin' you
Askin' me, "Who's hurtin' who?"
When your actions showin' proof
Think it's time for somethin' new
Sick and tired of lovin' you
Askin' me, "Who's hurtin' who?"
When your actions showin' proof

Remember-remember how it was before?
How you used to take me out
You could treat me like a queen
Two years, three years down the line, it's changed
You're never there for me
I understand that, but I need money to do that, babe, and I gotta work, I gotta do what I gotta do-
Yeah, but I mean, I need time, too, I need-I need you
I understand that, but what you want? You want me or money?
I want both, haha, can I have both?
I mean, like you said, I'm a man, a man don't do all that-
Whatever, it's over

Think it's time for somethin' new (Uh-oh, uh-oh) (Oh)
Sick and tired of lovin' you (Uh-oh, uh-oh)
Askin' me, "Who's hurtin' who?" (Uh-oh, uh-oh) (Oh)
When your actions showin' proof (Uh-oh, uh-oh)

Hit the road, Jack (Uh-oh, uh-oh), and don't you come back (Oh)
Hit the road, Jack (Uh-oh, uh-oh), and don't you come back
Hit the road, Jack (Uh-oh, uh-oh), and don't you come back (Oh)
Out with the old, in with the new
Hit the road, Jack (Uh-oh, uh-oh), and don't you come back (Oh)
Hit the road, Jack (Uh-oh, uh-oh), and don't you come back
Hit the road, Jack (Uh-oh, uh-oh), and don't you come back (Oh)
Out with the old, in with the new
Hit the road, Jack (Uh-oh, uh-oh), and don't you come back (Oh)
Hit the road, Jack (Uh-oh, uh-oh), and don't you come back
Hit the road, Jack (Uh-oh, uh-oh)
