

The Deep

Dawn Richard

Trying to save the little soul I have left
I lost it in a poker game to the highest bid
And if you ask me I'm not the type to play and quit
And even though I lost the best of me it was worth it

I took it too the deep
Cause there's no depth in these streams
I took it to the deep
Cause my heart doesn't swim in shallow creeks

Just the deep
Just the deep

It's pride that changed angels to devils
I guess that's why it's been hell trying to let go
My heart is still like pebbles under my feet
And your love is like the rivers running over me

Cause I took it to the deep
Cause there's no depth in these streams
Took it to the deep
Cause my heart doesn't swim in shallow creeks

Just the deep
Just the deep

To the deep
To the deep
