

## Did It First

Dax

It's Dax  
The first, did first  
I fucking warned you man  
I told you I was gonna do this  
(Yeah!)  
Still laughing? (ready)  
It's Dax (Chea!)

Where I'm from they never did it, I did it first  
Rap game wasn't shit, I gave it birth  
I told 'em niggas I would make it 'cause I wasn't stopping  
Yeah they was laughing now I'm laughing 'cause I know they watchin'  
See where I'm from they never did it, I did it first  
Rap game wasn't shit, I gave it birth  
I told 'em niggas I would make it 'cause I wasn't stopping  
Yeah they was laughing now I'm laughing 'cause I know they watchin'  
I know you watchin'

I know they watchin' me, in and out of poverty  
Hit me tryna get it, the only reason they calling me  
Saying I got lucky, a guppy, I hit the lottery  
Pottery, how I'm molding the game, my gift is an artistry  
Follow me nigga, that's what I told them to do  
You started laughing, now it's funny 'cause the joke is on you  
Nothin' funny, now I'm winning, I was talking the truth  
Nothin' less, nothin' more when I step in the booth  
It's a prediction, you just a witness  
I tried to tell them I was different, they wouldn't listen  
What they started, I'mma finish, I got a vision  
You can stay or you can follow, you leave this prison  
When I had no pot to piss in, your ass was missin'  
Now you asking how I did it, it's repetition  
Hope, belief, without an ending, it's a religion  
I told your ass that I would do it  
I fucking did it

Where I'm from they never did it, I did it first  
Rap game wasn't shit, I gave it birth  
I told 'em niggas I would make it 'cause I wasn't stopping  
Yeah they was laughing now I'm laughing 'cause I know they watchin'  
See where I'm from they never did it, I did it first  
Rap game wasn't shit, I gave it birth  
I told 'em niggas I would make it cause I wasn't stopping  
Yeah they was laughing now I'm laughing cause I know they watchin'  
I know you watchin'

This is a story nigga  
How I manage in Kansas to do the damage, now niggas can't even afford me nigga  
These rappers bore me nigga  
Local rappers and trappers be tryna shoot me  
They be testing me like it's Maury nigga  
Pouring up a 40 nigga, I'm getting drunk  
Speeding, bobbing and weaving, I'm blasting it from the trunk  
Who'da thunk it be me, D-A-X on the TV, not you  
Used to tell me I wouldn't make it and now I got it  
I predicted it would happen, I told you I was a prophet

I knew it was out a pocket and I knew I needed to work  
The fact that you picked me last, the reason you felt it first  
Know it hurts nigga, you wanna know what's fucking worse nigga?  
That I gave your ass a chance, tried to tell you in advance  
Tried to give your ass a hand, now you tryna be my man  
Fuck a fake nigga  
Uh, fuck a fake nigga, moving out the state nigga  
Rappers want a feature, they ain't even tryna pay niggas  
Day to day they play nigga, shoot and try to slay niggas  
Had to make a way, California I fucking made nigga  
Yeah, they be hating, I done heard it a lot  
Same ones talking shit, wishin' they had a spot  
I ain't even fucking phased 'cause I know what it's worth  
They just mad 'cause your boy did it first

Where I'm from they never did it, I did it first  
Rap game wasn't shit, I gave it birth  
I told 'em niggas I would make it 'cause I wasn't stopping  
Yeah they was laughing now I'm laughing 'cause I know they watchin'  
See where I'm from they never did it, I did it first  
Rap game wasn't shit, I gave it birth  
I told 'em niggas I would make it 'cause I wasn't stopping  
Yeah they was laughing now I'm laughing 'cause I know they watchin'  
I know you watchin'

What doesn't kill us, only makes us stronger  
We can't be beat  
We can't be stopped  
You can't beat someone who never quits  
It's Dax (Yeah)
