Woke up, went and got myself a bag  
MC on the label bunch of zeros on the tag  
Swear the boy was broke, I used to pull off in the cab  
Used to clean the toilets now I'm drifting in a jag  
Woah, gimme that, if you got work nigga send me that  
Gucci, Louie, Prada  
Put it on my baby mama  
Then I wanna had to go and cap a fanny bag  
Money cap the fanny bag  
Niggas hellas mad, why?  
Because I came from the bottom  
Nothing to something your nigga be stunting  
They walking then running and now they can't stop 'em

Woke up in the morning brushed my teeth and scratched my ass  
Bowl in the pack with them grams in a glass  
Money mission had to put my pistol in a stash  
Heard my line beep threw my phone in the trash  
Wrap it in plastic, make it flip like gymnastic  
D's is classic make it stretch, that's elastic  
All these bands, play with drones, all these bands  
Do your top, I recycle all these cans  
Trash still booming, two three like reunion  
You ain't got no word what the fuck is you doing  
Scary money don't make money that's the topic  
Fuck the feds but if it's right I'mma copy it
