

# I Need A Break

Dax

LexNour

Love is a drug that I can't quit  
It's destroying me

I sit and cry in my room, my heart's been broken  
Suffocating, feels like I'm chokin'  
I don't know what to do  
I'm just prayin' that this pain goes away  
Drinkin', taking shots to the face  
How you love me, if you always playin' games?  
Wanna leave but I feel trapped inside a cage  
I just think I need a break, ha

How'd you do this?  
We were supposed to live in perfect harmony  
I got half of you, you got all of me  
Miscommunicating, girl, just talk to me  
Ah, how you let you get to this?  
How you let my friend hit?  
If there's no loyalty, girl, there is no relationship  
Yeah, so I think I'm gonna have to take a break  
So I think I'm gonna have to

I sit and cry in my room, my heart's been broken (Been broken)  
Suffocating, feels like I'm chokin' (I can't breathe)  
I don't know what to do  
I'm just prayin' that this pain goes away (Goes away)  
Drinkin', taking shots to the face  
How you love me, if you always playin' games? (Playin' games)  
Wanna leave but I feel trapped inside a cage (Inside a cage)  
I just think I need a break, ha

This is stupid, don't stop crying now, I feel you lose it  
Had my heart and then you abused it  
All my scary dreams, I think I'm losin' (Um)  
My heart is scattered in many pieces  
Broken I think it's bleedin'  
Now I have no feelings

I sit and cry in my room, my heart's been broken (Been broken)  
Suffocating, feels like I'm chokin' (I can't breathe)  
I don't know what to do  
I'm just prayin' that this pain goes away (Goes away)
