This life gets real hard and sometimes you may feel you're out of place
You may think there's time then blink and find it's gone and you can't waste
You gotta take a hold, embrace it, close your eyes, and walk by faith
And go today, don't wait, yeah, go today, don't wait, don't wait, go today

Life is crazy, it could switch up in a second
School of hard knocks taught me how to deal with my aggression
I was never one to cry, my face was blank with no expression
Had to keep a strong face, go to war with my depression
I was hurting inside, battling with my faith
But, God, ain't never gave me nothing I can't overtake
He put me in position to get stronger through the pain
To appreciate the sun after the rain
We gotta remind that it gets better with time
And we got one life to live and it's guaranteed that we die
So when we open our eyes and take a look in the sky
Just be thankful then conquer the day, yeah

This life gets real hard and sometimes you may feel you're out of place
You may think there's time then blink and find it's gone and you can't waste
You gotta take a hold, embrace it, close your eyes, and walk by faith
And go today, don't wait, yeah, go today, don't wait, don't wait, go today

Go today, don't wait for tomorrow
It isn't promised, all the time you got's borrowed
Don't live your life for other people, don't bottle
Your emotions till they crack and fill a cup with your sorrows
ah
Take your mind and refocus, go get a paper
Write your goals down, throw your middle fingers at all your haters
Add some hard work and on top of it, mix in consistent prayer
Say you're never gonna quit, sayonara, and see you later
'Cause I gotta remind that we not meant to survive
We're meant to live in the moment and make the best of our lives
So when we open our eyes and take a look in the sky
Just be thankful then conquer the day, yeah

This life gets real hard and sometimes you may feel you're out
of place
You may think there's time then blink and find it's gone and yo
u can't waste
You gotta take a hold, embrace it, close your eyes, and walk by
faith
And go today, don't wait, yeah, go today, don't wait, don't wai
t, go today
