You know how it is. It's ya boy Dax
We back at like a bad hab, baby
Get up off yo' feet, you feel me?

See, I'm a mover a shaker, I got, needed a baker
I took my shit out to Cali, I could be hooping from Lakers
I got a rep, I'ma play, I drink my liquor, no chaser
I got a fetish for dentish
I'm saving rap while I slay ya
See, I'm a mover a shaker, I got, needed a baker
I took my shit out to Cali, I could be hooping from Lakers
I got a rep, I'ma play, I drink my liquor, no chaser
I got a fetish for dentish
I'm saving rap while I slay ya

Fucking niggas tried to get me
But I know you fakin'
I'm graduated and took myself straight up out of the basement
Got myself on the playlist, Spotify making payments
Been rapping less than a year, but anointing myself the greatest
Who you know rap like this?
Underrated, ain't even up on the map like this
Who could play the track like this?
Brad, back it up and fucking act like this

See, I'm a mover a shaker, I got, needed a baker
I took my shit out to Cali, I could be hooping from Lakers
I got a rep, I'ma play, I drink my liquor, no chaser
I got a fetish for dentish
I'm saving rap while I slay ya
See, I'm a mover a shaker, I got, needed a baker
I took my shit out to Cali, I could be hooping from Lakers
I got a rep, I'ma play, I drink my liquor, no chaser
I got a fetish for dentish
I'm saving rap while I slay ya

See, I'm a-
Just know that, better know Dax
We taking over the game, It's a known fact
I'm pushin' one whole back, I did this shit so fast
Get classed, it ran track on them niggas and did laps
Better know this not a fantasy, you cannot damage me
Sounds me like a puppet conformed me and tried to manage me
Take me off of this planet when I created the galaxy
Took you, put you in orbit and let you be in the family, uh
Nigga that's fucked up, Probably ain't gon' happen
My shooters is drug users, you playing we get dispatched
No twitter, finger, no captions, no talking behind your back
When we pulling up on location, invading
We fucking blasting, blasting, blasting
'Bout that action, we split you up, that's a fraction
If you talkin' out yo' ass then you bloody, call it new fashion
Bloody shoes be yo' feet, have you reppin' 'em like you caught it
Cut yo' dick and make you eat it and turn you into a Bobby
Hehe, we would turn you into a Bobby

Have you pops and pills fucking up at a party
Haha, puffin' up at a party
Listen, why?

See, I'm a mover a shaker, I got, needed a baker
I took my shit out to Cali, I could be hooping from Lakers
I got a rep, I'ma play, I drink my liquor, no chaser
I got a fetish for dentish
I'm saving rap while I slay ya

Let me tell you something
I'm the baddest nigga in the fucking joke budden
Been a savage when they see me, niggas go runnin'
You frontin' if you say I ain't gon' beat nothing, sound bumpin'
Drunked up, and good loving, no cuffing, dick stuffing, bad bitches
Been with it, whole story been written
Taking over the nation
They won't give me the radio, so I'm taking the playlist
Why? 'Cause it's a new era, new king, the name Dax
To see kill, shoot, beats, and blazed tracks
You must eat, real feast, and break backs
I can't stop, my fam broke I need cash
Throwing the brake, foot on the gas
Foot in their mouth, foot up their ass
Give me the beat, give me the bag
Beatin' it up, givin' it back
Niggas is trash, cannot relate
Nigga the man, cannot debate
Cannot create, can I delay?
Been in the game, here is some change
Huh huh

You can't even talk but if you wanted too
I swagged it
