

No Respect

Dax

Put my heart on the table, told them niggas I'm next
All the hurt wasn't fatal, I can tell I was blessed
Stopped my daddy from working, saved my momma from debt
Told the devil to shut up, 'cause he was never a threat
I put my people through school, I was tossing them rent
So how they hate on a nigga that never ask for a cent
Put my life in a pen, I swear I would do it again
Thought you niggas was friends and still

They ain't show me no respect yeah uh
No respect yeah uh, no respect yeah uh
These niggas talking while I'm talking, quit the talking
They ain't show me no respect yeah uh
No respect yeah uh, no respect yeah uh
They ain't show me no respect

When I started, they hated, now is happy belated
How the fuck did I make it, kept my ass in the basement
Turn my dreams to reality, told myself I would chase it
I don't believe in no gravity, got it all calculated
These niggas trying my patience, I swear their testing my greatness
Used to say I was basic and now I'm rapping on stages
Took the game yeah I raped it, play the fifty I faked it
Swear to God there's no limits, I'm moving faster, I'm racing
I pray to God
Yeah all my hands and my knees let a nigga go far
Yeah on the ground but I'm really out living in the stars
Yeah got a galaxy flow that's the reason why I'm finna stand apart
Yeah I swear I'm finna go far but these niggas

They ain't show me no respect yeah uh
No respect yeah uh, no respect yeah uh
These niggas talking while I'm talking, quit the talking
They ain't show me no respect yeah uh
No respect yeah uh, no respect yeah uh
They ain't show me no respect

Yo, Mr. One Take I started a trend
Came from a place where no one makes it, I ain't start with no friends
I used to take the bus, I didn't start with a Benz
A couple cribs from the music 'cause I started a business, yo
A couple million make 'em speak a little differently
I been making hits since I was making hits in little league
I been talking shit, started cursing in elementary
I was writing raps while they were practice words for their spelling bee
All I wanted was to pop off and help
I turned down a deal 'cause my homie was getting shelf
I said that I'm the greatest, I'll always defend the belt
They hate me, they don't know me, they never met me they self
They call me "corny" 'cause I come with a cause
And use my stage to flip a page and get the youngins involved
I never signed a contract because they come with a clause
Every track is unprotected sex, I'm coming in raw

They ain't show me no respect yeah uh
No respect yeah uh, no respect yeah uh
These niggas talking while I'm talking, quit the talking

They ain't show me no respect yeah uh
No respect yeah uh, no respect yeah uh
They ain't show me no respect
