

# Searching For A Reason

Dax

No weapon formed against you shall prosper  
You are our Light  
Huh

Trust gets you killed, love gets you hurt  
Bein' real gets you hated, so tell me what it's worth  
I done seen these people change and try to twist up all my words  
I been stuck inside a maze, they say that means that I'm on earth (LexNour)

If they wanna know my pain, then they can read it in the verse  
If they're prayin' on my name, it better be inside a church  
Don't need diamonds, don't need chains, I ain't a slave to all these perks  
I ain't perfect, but it I'm workin'  
God, I swear that I'm still searchin' for a reason  
Now I'm drownin' like I'm diving off the deep end  
Underwater, don't nobody hear me screamin'  
I'm surrounded by these money-hungry demons

I'm surrounded, so many fakes, I stopped countin'  
No gravity, but I'm still grounded  
They can't see 'cause their vision is clouded  
Man, I feel like I'm walkin' up mountains  
My hearts broke, but yes, it's still poundin'  
Lost my soul and then went and found it  
I hope heaven ain't full or crowded  
Hell ain't worth it, I'll scream and shout it  
Don't make these people your idols  
Forget 'bout all of the followers, Jesus had twelve disciples  
If they tell you it's fake, it's 'cause they ain't fought for survival  
And when they're facin' the judge, they still put their hand on the Bible  
Got my faith like a gun and I let it off like a rifle  
I'll keep speakin' the truth and I do not care if it's viral  
I ain't changin' for nothin', not gettin' trapped in your cycle  
'Cause I know failure ain't fatal and that success isn't final  
I got love for my enemies, you can check all my vitals  
All the negative energy is a downwarding spiral  
You can cancel me, laugh at me, call me out of my title  
It won't break me or shake me, no, I will not show weakness  
Is this real life or am I dreamin'? (Dreamin')  
Why are these times so misleadin'? ('Leadin')  
I don't see God, but believe Him (Believe Him)  
And I don't need fame, you can keep it

Trust gets you killed, love gets you hurt  
Bein' real gets you hated, so tell me what it's worth  
I done seen these people change and try to twist up all my words  
I been stuck inside a maze, they say that means that I'm on earth

If you walked inside my shoes you wouldn't last a day  
I ain't got nothin' to lose by havin' some faith  
I ain't got nothin' to prove to people who hate  
So what I'm finna' do is say it again, yeah

Trust gets you killed (Yeah), love gets you hurt (Okay, okay)  
Bein' real gets you hated, so tell me what it's worth  
I done seen these people change and try to twist up all my words  
I been stuck inside a maze, they say that means that I'm on earth

If they wanna know my pain then they can read it in the verse  
If they're prayin' on my name, it better be inside a church  
Don't need diamonds, don't need chains, I ain't a slave to all these perks  
I ain't perfect but it I'm workin'  
God, I swear that I'm still searchin' for a reason  
(Now I'm drownin' like I'm divin' off the deep end)  
(Underwater, don't nobody hear me screamin')  
(I'm surrounded by these money-hungry demons)  
(-Hungry demons)

Dear God  
Protect us from anything that wasn't sent by You  
Amen
