

# Apartment Complex

Day Wave

I left everything  
When I went away  
I wish I could take it back  
And now I miss everything  
'Cause nothing's the same  
It's not like the way we had

We could go back if you want  
But nothing will like how it used to  
We could back if you want  
But nothing will look like how it used to  
Oh

I left everything  
When I went away  
I think of the times we had  
And now I miss everything  
The place where we went  
Now it's an apartment complex

We could go back if you want  
But nothing will like how it used to  
We could back if you want  
But nothing will look like how it used to  
Oh

I left everything  
When I went away  
I wish I could take it back
