

Blue

Day Wave

Terrorize somebody else
Can't sleep without any help
I'll let it go, now I'm somebody else
I tried
I tried
And I don't know how I ever felt
'Cause I'm blue
I'm blue

So much for finding our way
Arguing into the day
And I don't know what's left to chase
'Cause I'm blue
I'm blue
I'll let it go, now I'm somebody else
I tried
I tried
And I don't know how I ever felt
'Cause I'm blue
I'm blue

Terrorize somebody else
Can't sleep without any help
I'll let it go, now I'm somebody else
I tried
I tried
