

# Empty

Day Wave

My laugh is dull  
And I'm afraid  
That I let it go again  
Cause I'm empty now  
Yea I'm empty now

I'm starting over again  
Can I get it through my head  
Cause I'm on the ground  
Yea I'm on the ground

Oh my eyes are empty now  
But I don't want you feeling the same  
Feeling the same  
Just stay away my soul is empty now  
But I don't want you feeling the same  
Feeling the same

Wish I could stay another way  
Don't wanna rearrange  
But I'm empty now  
Yea I'm empty now  
What would I do  
With a safe way out  
Oooh  
Nothing oh nothing

Oh my eyes are empty now  
But I don't want you feeling the same  
Feeling the same  
Just stay away my soul is empty now  
But I don't want you feeling the same  
Feeling the same

I'm starting over again  
Can I get it through my head  
Cause I'm empty now  
Yea I'm empty now  
Cause I'm on the ground  
Yea I'm on the ground

Oh my eyes are empty now  
But I don't want you feeling the same  
Feeling the same  
Just stay away my soul is empty now  
But I don't want you feeling the same  
Feeling the same
