

# Gone

Day Wave

You think I'm still the same  
In every single way  
But I changed

You think I need something  
To make this go away  
But I changed

And I feel this way  
I feel this way alone  
And I feel this way  
I feel this way alone

And you're gone, you're gone  
And you're gone, you're gone

The things I'll never say  
Keep them tucked away  
Cause I changed

The things you want to hear  
But they all disappear  
They're not here

And I feel this way  
I feel this way alone  
And I feel this way  
I feel this way alone

And you're gone, you're gone  
And you're gone, you're gone  
And you're gone, you're gone  
And you're gone, you're gone

Do I belong?  
Do I belong?  
Do I belong?  
Do I belong?

And you're gone, you're gone  
And you're gone, you're gone  
And you're gone, you're gone  
And you're gone, you're gone
