

# Stuck

Day Wave

You think you know me  
But nobody knows me  
I'm stuck in my head  
When you show me that everyone falls in  
I'm stuck in my head

I don't want to let you in  
When I'm sinking to the ground for nothing  
I don't want to let you in  
Cause I pull you to the ground for nothing

Well you might know this  
I'm thinking about it  
Cause you're stuck in my head  
And I'll be honest  
I'm running away  
Cause you're stuck in my head

I don't want to let you in  
When I'm sinking to the ground for nothing  
I don't want to let you in  
Cause I pull you to the ground for nothing

You're always somewhere  
You're always somewhere  
You're always somewhere  
You're always somewhere

I don't want to let you in  
When I'm sinking to the ground for nothing  
I don't want to let you in  
Cause I pull you to the ground for nothing
