Day1

Givin' her my-
Daddy in the room with her

Changin' on the gang, man, that's something that I can't do
I'ma be the first to make a milli' off a hundred bands too
Knowing this is it, I'm making hits that bitches dance to
BNE, my city, man, you know I got them plans too

I'm the man, so
They just wanna take my light, something that they can't do
Ain't a situation that my guys couldn't handle
They be talkin' too much, what a bloody handful
Pull up to the party, it go, psh, psh...

I was sinning way too much, I had to change up on my old ways
Trappin' out the Astra even if it was a whole day
I had to get the mula, every day was a payday
Took the hard route 'cause we never knew a safe way
Safe way, wishing we could spray, spray
Claim that they're the captains, sank his ship and now it's Mayday
I could say, "Hey," take your girl on the same day
I flip the book, you ain't a crook, we not on the same page
'Cause we went from Ballys to Balenciaga
Now we in the Valley in the booth with some vodka
Giving her my addy 'cause she cute, wearing Prada
Now she call me daddy in the room with her top off, damn

They just wanna take my light, something that they can't do
Ain't a situation that my guys couldn't handle
Pull up to the party, it go, psh, psh...
